ICP/MS Calibration Standard #4

Catalog Number: IMS-104

Lot Number: CT-0844

Lot Issue Date: 02/26/2019

Expiration Date: 03/31/2022

This Reference Material (RM) was manufactured and verified in accordance with Agilent's ISO 9001 registered quality system. The analyte concentrations were verified by our ISO 17025 accredited laboratory to be within $\pm 5.0\%$, when compared to calibration standards independently prepared using NIST SRM(s). The certified value and uncertainty value at the 95% confidence level for each analyte is determined gravimetrically.
